

Electrical roll marking machine PT 76 EL

Marking of pipes and round parts with many characters or large marking depth.

Electrical roll marking machine PT 76 EL

Marking of pipes and round parts with many characters or large marking depth.

WIR. PRÄGEN. ZUKUNFT.

Benefits

- For marking of round parts as well as flat work pieces
- For round parts with larger diameters as well as flat work-pieces
- Very low stress for the work piece through „character by character“ marking
- Marking with 1 or more character rows
- Two-hand release for protection of the worker
- PLC control
- Extremely durable due to massive design
- Constant marking quality due to adjustable, spring-mechanic compensation of tolerances
- Options
 - Without PLC control for integration into manufacturing lines
 - Partly automated
