

## Electrical roll marking machine PT 79 EL

Marking of pipes and round parts with many characters or large marking depth.

# Electrical roll marking machine PT 79 EL

Marking of pipes and round parts with many characters or large marking depth.

WIR. PRÄGEN. ZUKUNFT.

## Benefits

- For round parts with larger diameters as well as flat work-pieces
- Very low stress for the work piece through „character by character“ marking
- Two-hand release for protection of the worker
- PLC control
- Extremely durable due to massive design
- Constant marking quality due to adjustable, spring-mechanic compensation of tolerances
- Options
  - Automatic work-piece diameter adjustment
  - Without PLC control for integration into manufacturing lines
  - Partly automated
