

## Special type holders

**Your requirements + our know-how  
= Your special type holder.**

# Special type holders

Your requirements + our know-how = Your special type holder.

WIR. PRÄGEN. ZUKUNFT.

**You have special requirements and are looking for a solution?**

**We are pleased to consult you and together find the best solution for your individual special type holder.**

- Examples of special type holders that we have already produced:
- Individual shapes: Round, semicircle, convex, concave
- Design with more than 3 rows
- Individual lengths and dimensions
- Tool fitting according to customer requirement
- Combination with numbering heads

**...and much more  
is possible.**
